

Jabra Link 14201-30 Electronic Hook Switch Solution for USB desk phones

The Jabra Link 14201-30 enables remote Electronic Hook Switch Control (EHS) with Jabra wireless headsets and USB desk phones.

Boost productivity

The Jabra Link 14201-30 boosts productivity by enabling wireless headset users to answer and end calls away from their desk.

Enhance mobility

The EHS adapter enables the user to hear ring tones; answer and end calls; adjust volume and mute the microphone when they are up to 150 meters/ 450 feet from their desk. This enhances mobility and the ability to multi-task while on calls.

Easy to use

The Jabra Link 14201-30 is a plug-and-play solution that enables Jabra wireless headsets to be used with phones that support USB headsets.

Compatibility

The Jabra Link 14201-30 is compatible with many USB desk phones and most Jabra wireless headsets. Visit jabra.com/compatibilityguide for more information.

Easy to upgrade

The Jabra Link 14201-30 is software upgradeable using the free Jabra Xpress or Jabra Direct software. For more details, please visit jabra.com/software-and-services.

At a glance
